WORK EXPERIENCE

Red Crescent (Tehran, Iran) – **Research Associate**– *research department* July 2023 – present

The Iranian Red Crescent Society, officially the Red Crescent Society of the Islamic Republic of Iran is a non-governmental humanitarian organization in Iran. National Red Cross and Red Crescent Societies were created to provide medical assistance to those wounded in battle, in support of their countries' military medical services. Today, National Societies are recognized as auxiliaries to their public authorities in the humanitarian field in times of both war and peace.

- At first, I used to be working as a librarian in IRCS the because of my research abilities, I was promoted to be a part of research team
- Work as a librarian to complete the resources to educate volunteers and rescuers and staff
- Provide research assistant in different researches and research arbitrations and fundings in IRCS research committee

Propio (Lewes, Delaware) – **Medical interpreter** – *interpretation and translation team* July 2021 – present

The company facilitates communication between people with language barriers and service providers. Interpreters are available on a worldwide basis for clients in different sectors, such as health, legal, court, insurance, etc. There are about 200 people in the company, divided into different divisions and languages.

- As a medical interpreter provide these services in health and medical and supportive services to clients who are located in the U.S., Canada, and the U.K.
- Work as an interpreter in ESL classes for refugees
- Provide interpretation for meetings and sessions through zoom

Future Group – **Medical interpreter** – *interpretation and translation team* July 2020 – present

This international company helps those with language barriers by facilitating their communication with service providers. interpreters provide these services in health, legal, court, insurance, etc. with clients worldwide. company size is about 100 people in different divisions and languages that are all trained and professional.

- As a medical interpreter provide these services in health and medical and supportive services to clients who are located in the U.S., Canada, and the U.K.
- Work as an interpreter in ESL classes for refugees
- Provide interpretation for meetings and sessions through zoom

The quality of my interpretation has been admired all the time and I was the interpreter of the month
